We recently had Dave host our evening reception for our wedding on NYE. We are rockers at heart, and were initially looking for a band but NYE priced us out, so we booked Dave and he patiently listened to our music requests and delivered the best rock concert any DJ could ever have delivered! No Bruno Mars in sight... Bonus points there! We had the cold spark machines and the low lying fog for our first dance and he pulled the timings out of the bag perfectly. He was a pleasure to have there, and we wouldn't hesitate to recommend him to anyone looking in the future. He even dressed up to fit in with our black tie theme! Thank you so SO much, you made a very drunk Bride and Groom extremely happy! And sorry if we asked for one more song one too many times... haha! xx

**EMMA & SASH**

We were recommended 11:11 events by Highcliffe Castle as a regular supplier there and they did not fault.

We had a flower wall which was used outside after our ceremony, and in the dining room during our wedding breakfast, a dancefloor and the large letters.

Everybody loved the flower wall, and the dancefloor and letters made the evening room look fabulous!

The service was amazing, thank you so much!

**HANNAH & RICH**

We used David at 11:11 events for our wedding in November @ The Italian Villa. We hired the starlight dancefloor which was stunning! The Mr&Mrs letters- again so pretty! And we had the spark effects during our first dance which was just so magical! David was brilliant! Always responded to emails and did exactly what we wanted/asked and played all the music we loved to make our evening so special. Including sourcing some Italian music for us! Thankyou again David! Couldn't recommend enough!

**MARIA & JAZZY**

A huge thank you to David at 11:11 events. We recently got married at the Christchurch Harbour Hotel on 31st July. We first met David via zoom after a recommendation from the wedding venue. David was professional, accommodating and brilliant with communication. We hired a 12x12ft LED dance floor, Mr&Mrs letters and the DJ set. This really got the party started and all of our guests had a brilliant evening. As part of our evening do, we also had a Saxophonist who David liaised with to create a fabulous playlist. David was efficient and was set up with great time.

Thank you so much David for a fabulous evening!!

**CHARLOTTE & ELLIOTT**

We were all absolutely delighted with everything that you did – thank you.

Our guests had never seen anything like that before at a wedding and even the band commented that this was the best first dance that they had ever seen.

Thank you for also spending so much time with Hannah & Lee on the steps, you truly helped make it a very special day for them.

**KEVIN**

David did an excellent job from start to finish with our wedding at Highcliffe Castle. He was easy to communicate with and nothing was too much trouble. We ordered the package with Photo Booth, dance floor, flower wall, DJ service, guest book and more. Everything was brilliant and things like the guest book were able to be personalised. We also had two of the spark machines on the dance floor which were a crowd pleaser and made for some great photos!

David worked with our florist Simply Flower to make sure the flower wall incorporated some of the rest of our florals, and he installed our custom LED sign for us too. The music was spot on and David played our suggested songs along with his recommendations seamlessly. Thank you for making our day so special!

**SARAH & ZOE**

What can I say I loved the black star lit dance floor and the MR&MRS letters!! The made our evening venue at Merley so effective and everyone enjoyed dancing on that floor! Thank you so much David. I will be using again for the next party!!

**JADE**

David was superb! We had a tough lead up to the wedding meaning our communication was few and far between. David was super accommodating to this which took a lot of stress off our shoulders. We put together a list of songs which he gladly obliged to play. Allowed song requests which is great and was appreciated by our guests. The list of optional extras is epic and he puts together great package deals which are tailorable. I couldn't recommend enough. Thank you for everything

**MARK & JASMINE**
